CRANE RENTALS

Projexon is also involved in offering cranes on hire in all over India. We are committed to provide reliable and 24*7 crane services at affordable prices. We are a prominent provider of hydraulic cranes, all terrain cranes, hydraulic telescopic cranes, mobile cranes, forklift, gantry and a lot more. These cranes are efficient in lifting materials and performing on & off road operations.

Our Special Rigging, Heavy Rigging and Heavy Transport divisions work closely together on most all projects, making your move a seamless one no matter how big or small.

ON TIME, ENSURING QUALITY

INDUSTRIAL RIGGING

We frequently carry out complicated heavy rigging and crane projects. We are a full-service rigging company, with services that range from medical equipment to construction machinery rigging. Most of our projects are carried out at production sites, where work is still going on. While danger is always there, we take extra precautions and safety measures, and always get the job rigged successfully! Our Special Rigging Division utilizes a jack & roll system for up to 100 tons as well as beams, stands, jack and slide systems for loading and unloading your over-dimensional complex loads. Our Special Rigging, Heavy Rigging and Heavy Transport divisions work closely together on most all projects, making your move a seamless one no matter how big or small.

We offer value added services to a whole range of our clients who are spread across various business segments.
